

Curious Today – Partner Tomorrow

Nov. 2nd 2021: Smart Factory

Let's collaborate!

The robotics laboratories at SDU are a place of world-class research. Twice a year, for “Curious today – Partner tomorrow?” we invite the robot industry, and others who are interested in our work, to visit us and learn about a new topic each time. A mix of presentations, lab tours and company visits, combined with networking and the opportunity to discuss ideas for corporation, makes this particular event, a great way to learn about our research meet students, companies and academic experts. We are looking forward to welcoming you. Participation is free, but seats are limited. Read more and sign up at: www.sdu.dk/curious

Program: Curious Today – Partner Tomorrow, nov. 2nd

Topic: Smart Factory | Online: www.sdu.dk/curious | Physical: Join us at SDU, or at one of the local satellite events

15:30 – Tune in, coffee and greetings

Grab a cup of coffee. Tune into the ZOOM meeting. Greetings will be immediately prior to four o'clock

16:00 – Researchers corner

Advanced Manufacturing Technologies

Functionally graded 3D/4D printing of porous materials

by Asst. Prof. Alireza D. P. Moghaddam

New possibilities in 3D Steel printing

by Engineer Andrei-Alexandru Popa

Application of robots in production/assembly lines

Simplifying Programming of Force-Controlled Industrial Tasks by Learning from Demonstration

by PostDoc Iñigo Iturrate San Juan

Software Technologies

Software Technologies for Exploiting Production Data

by Professor Mikkel Baun Kjærgaard

Digital Twins

The Industrial Digital Twin in Industry 4.0

by Asst. Prof. Tim Van Erp

Virtual/Augmented reality

Virtual Reality Environment for Multi-Purpose Industrial Applications

by Assc. Prof. Fei Yu

17:25 – How to reach out?

Tek Innovation is your “one-stop” entry-point to SDU researchers and students for future partnerships.

17:30 – Partners Corner

Surprise company presentation

18:00 – Networking, Beers and Popcorn

18:30 – See you again on nov. 24th for SDU Industry in Sønderborg

Program is subject to change without notice. Physical attendance is subject to restrictions from the authorities, and may be converted to online participation

Organizer

Partners

Plastindustrien. Brancheforeningen for danske plastikvirksomheder

ROBOCOAST DigitalLead.
